Dr. Charles Figley
1514 Seminole Drive
Tallahassee, Florida 32301

Dear Dr. Figley,

We are delighted to know that you and your wife, Kathleen Regan Figley, will join Jericho on Thursday, February 28th at Capitale in Manhattan for our 25th Anniversary Gala. As you know, this occasion marks a particularly important milestone for Jericho, its work in combating the issue of homelessness, and its new initiative for homeless veterans.

This landmark event will include a special salute to Jericho's Angels of Hope — those individuals and organizations whose extraordinary work and personal example have helped forge permanent solutions to this deeply entrenched social problem.

We are honored and pleased to recognize your lifetime of work. As a veteran, author, researcher, founder of Green Cross and the Collegiate Veterans Association, leader of special symposia on combat stress, global lecturer and advisor, you have had an important impact in building understanding and identifying solutions to the cascade of issues underlying this social problem. Your compassion and shared expertise has lifted families, veterans of war, and veterans of terrorism.

Marilyn Stoddard, our event planner, will contact you shortly at 850-644-9598 to help make travel and hotel arrangements for the night of the event and to obtain your most recent bio.

Further to that, I or my associate, Lynthia Romney, will call you to discuss your information for our program guide and how you will be introduced.

Tori Lyon, Jericho's Executive Director, and the entire benefit committee joins me in congratulating you on your honor and sharing our thanks for your presence and support.

Sincerely,

Kerri Devine
Co-Chair
25th Anniversary Gala
