

## CONTENTS

Series Editor's Introduction	5
Introduction	7
Acknowledgment	8
<b>1. The Multiple Regression Model: A Review</b>	<b>9</b>
<b>2. Specification Error</b>	<b>18</b>
Consequences of Specification Error	18
An Illustration of Specification Error: Satisfaction with Life	22
Detecting and Dealing with Specification Error	25
<b>3. Measurement Error</b>	<b>26</b>
Consequences of Measurement Error	27
An Illustration of Measurement Error: Satisfaction with Life	31
Detecting Measurement Error	33
Dealing with Measurement Error	33
<b>4. Multicollinearity</b>	<b>37</b>
Consequences of Multicollinearity	40
Detecting High Multicollinearity	42
An Illustration of Multicollinearity: Satisfaction with Life	44
Dealing with Multicollinearity	46
<b>5. Nonlinearity and Nonadditivity</b>	<b>51</b>
Detecting Nonlinearity and Nonadditivity	53
Dealing with Nonlinearity	57
Dealing with Nonadditivity	64
Some Warnings about Nonlinear and Nonadditive Specifications	71
<b>6. Heteroscedasticity and Autocorrelation</b>	<b>73</b>
When Heteroscedasticity and Autocorrelation Can Be Expected	73
Consequences of Heteroscedasticity and Autocorrelation	77
Detecting Heteroscedasticity	78
An Illustration of Heteroscedasticity: Income and Housing Consumption	82
Dealing with Heteroscedasticity and Autocorrelation	85
<b>7. Additional Concerns</b>	<b>88</b>
Notes	90
References	92
About the Authors	95
