Senior official in this office			
Intern's immediate supervisor			
Supervisor's phone-number			
Supervisor's email			
YOUR SIGNATURE AND DATE****			

**This form must be received and reviewed by the Internship Director before you could register GEO4941. You could mail or fax this form to the Internship Director (see the syllabus for the address).*

*** Starting from Spring 2009, anyone who is not our own major (either geography or environmental studies) but manages to register GEO4941 for any reason will be REMOVED from GEO4941 even within the last week of a semester. This policy will be strictly applied.*

**** Note that you may NOT register GEO4941 for more than 6 hours during your entire study at the Florida State University, and there is nothing guaranteed from the internship instructor that the credit hours you earn from GEO4941 could be used toward your degree program. You are urged to discuss the most appropriate category of applying the credit from an internship with the undergraduate advisor before registering GEO4941.*

***** By signing in GEO4941, you agreed all the conditions stipulated in my syllabus and in this course web site, failure in doing so will result in a substantial grade reduction or a failure grade.*
